THE PURPOSE AND FUNCTION OF SERVICE UNITS OF NA

- A. The primary purpose of an NA group is “to carry the message to the addict who still suffers” by providing a setting for identification and recovery where an addict can come for help if they have a desire to stop using.

- B. The purpose of an Area Service Committee (ASC) is to be supportive to the NA group and its primary purpose by associating the group with other groups locally and by helping the group deal with its day-to-day situations and needs.
- C. The purpose of the Regional Service Committee (RSC) is to pool the experience and resources of the areas and groups it serves. The RSC is composed of regional committee members (RCMs) elected by the region's member-areas; these RCMs usually elect regional committee officers from among themselves. RSCs organize regional assemblies at which GSRs and RCMs discuss a wide range of service matter, including those likely to come before the World Service Conference (WSC), and may elect a regional delegate and alternate delegate to the WSC.
- D. The Purpose of the World Service Office (WSO), our main service, is to carry out the directives of the WSC in matters that relate to communications and information for the fellowship of NA, its services, groups, and members. The WSO achieves this purpose by maintaining correspondence with NA groups and service committees, by printing and distributing WSC- approved literature, and by maintaining the archives and files of NA.
- E. The purpose of the WSC is to be supportive of the fellowship as a whole, and to define and take action according to the group conscience of NA. Unlike all other NA service bodies, the conference is not an entity; it is an event – the coming together. Every two years, regional delegates, the members of the World Board, and the executive director of the WSO meet to discuss questions of significance to the fellowship of NA as a whole.

PURPOSE AND SCOPE OF THE WTASC

- A. The purpose of the WTASC is to be supportive of the NA group and its primary purpose by associating the group with other groups and by helping the group deal with its day to day situations and needs.
- B. In all areas not covered by specific guidelines, they will be covered by the Twelve Traditions, Twelve Concepts, A Guide to Local Service, and Robert's Rules of Order.
- C.
- D. The WTASC will create and maintain active archives to be kept by the Archives Subcommittee Chair.
- E. All committees elected by the WTASC will be autonomous in carrying out their assigned functions with the exception of money expenditures.
- E. The ASC is responsible for financially supporting its subcommittees.

- F. The ASC is a committee made up of group service representatives (GSRs) from all groups in the West Tennessee Area, which meets monthly for the express purpose of serving the specific needs of all area groups.
- G. The WTASC serves three basic functions:
 - 1. The primary function of this ASC is to unify the groups within its area, provide help and support to individual groups.
 - 2. The secondary function of the ASC is to carry the message of recovery through its various subcommittees.
 - 3. The tertiary function of the ASC is to contribute to the growth of and enhance the quality of NA as a whole by helping to support the Regional Service Committee (RSC) and NA World Services (NAWS).

NOMINATION, ELECTIONS, AND VOTING PROCEDURES

- A. The nominations of ASC officers should come from active GSRs or other appropriate service committee members.
- B. Two months prior to the end of term of any officer (Jan. May or July), the ASC chairperson shall advise the ASC that nominations are open for that position.
- C. One month prior to the end of term of any officer (Feb. June or Aug.), nominations for that office shall be solicited.
 - 1. An explanation of that position's duties and responsibilities shall be provided.
 - 2. The nominee must be present to express their willingness and provide their qualifications.
 - 3. The nominee must also provide this information in writing to the ASC.
 - 4. Attendance of the nominee is mandatory.
 - 5. Written qualifications will not be accepted from absent nominations.
- D. A motion must be made at this time (Feb. June or Aug.) to close nominations. At the following ASC (March, July or Sept.), the positions will be voted on at area. If no one is elected, nominations will be reopened.
- E. For executive committee positions:

1. Should an office become vacant due to unforeseen circumstances (death, relapse, resignation, or impeachment), an interim officer will be elected at that ASC until that office is filled at the next scheduled election time.
2. Simple majority will be ample for this election.
3. The person nominated must be present.
4. A confirmation vote is then taken back to the groups.
5. If the person fails this confirmation vote of two-thirds majority, the process of electing an interim officer will be repeated.

F. For subcommittee chairs:

1. Should a subcommittee chair position become vacant due to unforeseen circumstances (death, relapse, resignation or impeachment), the ASC vice chairperson will be responsible for chairing subcommittee meetings and act as a liaison between the subcommittee and the WTASC until a new chair is elected.
2. Nominations will be reopened, and the election process will begin again.

G. Only GSRs or their alternates can vote on these nominations and elections.

H. All nominees must attend the ASC at the time of the election. Their absence will constitute withdrawal from the nomination.

I. When there are more than two nominations and if no candidate gets a clear majority, the following will be done:

1. A vote will be taken.
2. The nominee with the least amount of votes will be dropped.
3. Another vote will be taken until there are only two nominees left.

J. In case of only one nomination, a two-thirds majority vote of acclamation is required.

K. All ASC members and officers may succeed themselves in office, but in keeping with the Ninth Tradition and the principle of rotating leadership, it is recommended that no officer serve more than two consecutive terms.

L. Each officer should hold only one voting position on the ASC.

1. A GSR cannot be an ASC chairperson, vice chair or regional committee member (RCM).

2. An ASC chairperson, vice chair or RCM cannot represent a voting area level office.

M. The ASC chairperson may vote only to break a tie.

N. Nominations for VRC speakers shall be brought to the June ASC, sent to groups, and voted on in July. The result will be taken to the August Volunteer Regional Service Committee (VRSC). Nominees must send written willingness statements and qualifications to the June ASC with GSRs or other appropriate service committee members.

4. There is no proxy representation for quorum. Quorum must be obtained before any motion is voted upon.
5. If any group is not represented during both quorum calls at two consecutive ASCs, this constitutes the group being dropped from the roll call and loss of voting privileges. After being dropped from roll call, a group must attend two consecutive ASCs to obtain voting privileges. New groups enter the roll call at their first ASC and have voting privileges at their second ASC.
6. Any WTA group representative may vote on regional motions.

D. All motions go to the chair for review and then passed to the secretary. All motions must be written on a motion form. All regional motions sent back to groups are to include intent, one pro and one con.

1. For a motion to be made, the chair will recognize the maker for time on the floor. A second is then asked for. After a motion is seconded, the chair will ask if there is opposition to the motion.

8

2. If there is no opposition, the chair asks for a vote of all those in favor, and the motion carries.
3. If there is opposition:
 - a. The maker of the motion is given an opportunity to give the intent of the motion.

2. In case of a tie the Chair has a compulsory vote.
3. More than one half present voting members is required to pass a non-policy motion. 2/3's of present voting members majority vote is necessary for policy change, amendments to policy, or forming new policy **for area and subcommittees**.
4. An abstention does not count in the total number of present voting members from whom a needed percentage is derived, unless a situation occurs when there are more abstentions than the total of yes and no votes. In the event of more abstentions than total of yes and no votes, the chairperson will hold simple majority vote of GSRs to determine whether motion is to be taken back to groups to be voted upon again at next area.
5. Any motion that affects policy **for area and subcommittees** will automatically go back to the groups for a vote. Motions deemed "housekeeping" motions submitted by policy do not fall under this category and may be voted on by GSRs at the time submitted. These motions will not create a change in policy.
6. Voting will be made by a show of hands. Roll call votes can be called at any time.
7. Non-voting GSRs may vote on regional and WSC motions. The vote totals/tally results for any WSC/RSC business, including CAR/CAT items, that the groups are given the opportunity to vote on are to be included in the area minutes.

STANDING COMMITTEES

In order to minimize time spent debating in ASC meetings, a committee system is used by the WTASC. Standing committees and ad hoc committees are formed to assume responsibility for fulfilling our primary purpose in specific ways. Finalization of these projects occurs at the ASC meetings by the voting bodies.

Each committee chairperson should establish lines of communication with the appropriate regional and/or world resources committee chairperson. Each committee is autonomous but responsible to the Area. In order to better serve, a committee may choose to elect officers and open a bank account, etc.

All subcommittees include in their monthly reports to area a detailed financial income and expense statement with receipts available upon request along with bank statements if subcommittee has an account.

The following statement is to be read and displayed at all NA functions in the West Tennessee area sponsored by an area subcommittee “Photos, Videos and Social Media: We recognize that it is a common practice for members to take photos and videos at NA and post them on social networks. We do not believe this to be in conflict with our traditions so long as they are for the enjoyment of members and are not made available to the general public. Please be considerate of our guiding principles and the anonymity of others as you share your photos and videos from this NA event. If you plan it to post recognizable photos of individuals on social networks, please ask the permission of the individuals before doing so. For more information, please see the service pamphlet- social media and our guiding principles.”

A. Hospital and Institutions

The WTASC H&I subcommittee acts as a resource to groups and individual members in their efforts to carry the message into institutions such as jails, hospital, treatment facilities and recovery houses. Its goal is to help avoid tradition violations while carrying our message to those who cannot come to us.

B. Public Relations

The WTASC PR subcommittee deals with how NA interfaces with society (telephone, media), NA’s image and how we can get those outside of the fellowship to carry our message to addicts we cannot reach. This committee deals with matters of attraction through the media (e.g. instigating PR campaigns, etc.).

C. Activities:

The WTASC activities subcommittee deals with creating activities for which recovering addicts may learn again to enjoy life in a safe, loving, and clean environment. The activities subcommittee carries out fund raisers, picnics, camp outs, dances, raft trips, etc.

D. Literature:

The WTASC literature subcommittee deals with our primary purpose as it is achieved in printed material and supplies by making it available to all groups within the area. This committee seeks the input of the fellowship, compiles this input and presents it to the ASC.

E. Newsletter:

The WTASC newsletter subcommittee deals with building NA unity in our area through communication.

F. Outreach:

The WTASC outreach subcommittee's main purpose is to help overcome the isolation that hinders growth and survival of our groups.

G. NA in May

The main purpose of the NA in May subcommittee is to provide a fund raiser to subsidize literature for the WTASC while also providing a clean and safe activity for fellowshiping.

H. Policy and Procedures

The main purpose of the policy and procedures subcommittee is to provide a resource to area service members, subcommittees, and the WTASC meetings on issues of policy, area guidelines, and A Guide to Local Services.

I. Ad Hoc

Formed when a question or special project arises that doesn't fit into any existing subcommittee's description. The area chair may appoint the entire ad hoc committee or just a chairperson. The committee is set up for a specific purpose and has a limited life and is disbanded after finishing their job.

J. Archives

The WTASC Archives Subcommittee is charged generally with (i) the collection, maintenance, custody, and organization of documents, storage media, and other tangible property of historical significance; (ii) the presentation of selected relevant Archives items at WTASC events and functions such as Volunteer Regional Conventions held in Memphis; and (iii) service as a source of 'Institutional Memory' for the Area

TRADITION NINE

"NA as such ought never be organized, but we may create service boards or committees directly responsible to those they serve."

The ninth tradition explains how we, as a fellowship, structure ourselves to provide the services of NA. What is, "NA as such?" NA, as such, is: addicts meeting together in groups for the soul purpose of recovery from addiction, having no outside affiliations or outside support. The basic units of NA as such are the individual members and groups. It is not NA as such that is organized, but rather the service structure we create.

NA groups are unorganized in the sense that there is no authority within them. No individual runs any group or otherwise governs anything. Our groups adhere to the Spiritual Principles of the traditions for their "authority." The service boards and committees we create make it possible for us to be a unified fellowship. However, even they are not an organization in the sense of being an authority or having power. Our experience has shown that addicts don't take orders well, especially from someone viewed as an "authority." These boards and committees simply make suggestions and act in ways that are directly responsible to aid in carrying the message to the addict who suffers.

A PARLIAMENTARY SHORT FORM

The basic concept of parliamentary procedure, especially as codified in Robert's Rules of Order, is that a discussion can occur in a large meeting with a great number of participants and that each can be treated fairly. The process of discussion and decision making should follow rules of order that are observed by all, known to each member and equally enforced.

The following pages contain short summaries of key points of procedure that are most commonly misunderstood or misused. A chart of motions is also attached, for easy reference. This condensation of procedures is accurate only to the point of general use. There are special circumstances wherein some of the information on the attached chart of motions is used differently than is indicated. A complete copy of Robert's Rules of Order should be used in those circumstances in order to correctly apply the common rules of procedure.

- A. **Point of Order:** When a member thinks that the rules of the conference are being violated, he can make a "Point of Order" which is simply to obtain recognition from the chair and ask from the chair a determination as to whether or not the procedure that the member feels is pertinent is being violated. A Point of Order is not a method or procedure to dispute the accuracy of something that another member has stated. The Point of Order is a tool used only to keep the conference working on the subject that the conference is supposed to be working on at that time and in accordance with the guidelines and other rules of order.
- B. **Point of Information:** This is request directed to the chair for the chair to respond to or have another member to respond to a point (one point) that would provide additional information on the subject being considered but is not a matter related to parliamentary procedure. If the point is raised while another member has the floor and is speaking, the chair will ask the member who correctly has the floor if he will yield to a point of information; the member has the right not to yield. If the member does yield, the member raising the point is required to raise the issue in the form of a question directed at the chairman, but the chairman usually allows the member who correctly has the floor to answer.
- C. **Parliamentary Inquiry:** This is a question directed to the presiding officer to obtain information on a matter of parliamentary procedure or the guidelines as they apply or have bearing on the business being considered. It is the duty of the Chair to answer such question when it may assist a member to make an appropriate motion, raise a proper point of order or understand the parliamentary situation or effect of a motion. The chair is not obligated to answer hypothetical questions.
- D. **Point of Personal Privilege:** This is a device that permits a request or main motion relating to the rights and privileges of the assembly or any of its members to be brought up for immediate consideration because of its urgency. This is a manner of correcting problems affecting the privileges of all the members (it's too noisy and we can't hear) or affecting an individual (I have to use the rest room and I don't want to miss the vote while I'm gone). It is not a device to interrupt a speaker or obtain the floor to give an opinion, extend debate in general or argue a point made by

the current speaker or a previous speaker. There are motions that arise from the statement and acceptance of a point of personal privilege, but these are acceptable only after the chair has accepted the members' personal privilege point as having merit on the discussion at hand.

- E. **"Call for the Question"** or as properly known in rules of order, as **"Move the Previous question."** This item is one wherein common usage is changing through popular misuse, the rules of order. In proper usage, a member rising to "call for the question" means that he, as an individual, is finished listening and is personally ready to vote and wanted everyone to know it. This has most commonly been misunderstood to mean that the member is making a motion that an immediate vote be taken on the matter under discussion. Many times presiding officers accept this improperly used device and either immediately close debate or ask if there is a second, take a quick vote and then close debate. Frequently the members using this as a tactic by "calling for question" interrupt speakers in an effort to immediately stop debate. When correctly used the parliamentary tool, to "Move the Previous Question" is not made while another member is speaking or has the floor, it does require a second, is NOT debatable, and requires a 2/3 vote in order to end debate and force an immediate vote on the matter.

- F. **Amend the By-Laws,** or in the instance of WSC, **"Amend the Guidelines or Service Structure"**. In this matter the existing governing document should provide details about the manner and vote required to approve amendments or adopt revisions. There the governing document is vague, Robert's Rules of Order may be used as the guide or final authority, or prior action of the assembly, in this case the conference, may set other rules. The existing Service Structure specifies 2/23 vote is required for adoption of amendments. The question is raised each year on the matter of what constitutes as 2/3 vote. There are two different interpretations and the conference has, over the years, used both. In 1982, the conference used this interpretation: that a 2/3 vote of those voting yes or no on the question was all that was required. In 1983, the conference utilized the alternative approach of requiring an approval of 2/3 of all those eligible to vote: This was one cause for the constant roll calls to establish the base number of members eligible to vote. In the second case, those who abstain or simply fail to vote are actually counted as votes against adoption of the charge. For example, in the first interpretation if there were 40 voting members and there were 15 who voted for a change and 6 voted against, while the rest either abstained or failed to vote, the amendment would be adopted. However, in the second interpretation, if there were 40 voting members, 27 would have to vote in favor in order for the matter to be adopted. If the governing documents fail to specify which is used, the conference makes that decision either by motion or acceptance of the interpretation used by the chair if it is not challenged at the time of the vote.
